

Ames, IA: A Favorable Market for Tech Expansion?

Maria Flores

Zillow's Factors That Could Suggest Tech Growth:

- Housing Affordability
- Market "Hotness"
- Demographics & Labor Market
- Tech Availability
- Livability

Focus: Housing Affordability

- Zillow needs help assessing whether or not Ames, IA would make a favorable market (in terms of affordability) for tech companies looking to expand.

Approach

- Let's use Linear Regression, Ridge, and Lasso to find the best model that will predict housing prices and be implemented over the course of a few years (long-term goal).
- Compare R^2 scores for each model.

What's Happening to Housing in Current Tech-Dominant Markets (LA, SF)?

EXTREMELY UNAFFORDABLE

Feature & Sale Price Correlation

Selected model features and their correlation to sale price.

Linear Regression Model

Ridge Model

Lasso Model

Based on my Linear Regression, the model can predict the house's price is within ~\$32,000 on average.

RMSE: KAGGLE

\$30,116

RMSE: MODEL

\$32,331

Ames Sale Price Distribution

- Ames (median): \$180,500
- LA (median): \$717,583
- SF (median): \$1,387,263
